

# SUSTAINABLE TRAVEL INTERNATIONAL

FEEDBACK FORM

The Sustainable Tourism Eco-Certification Program™ (STEP) has been developed in conjunction with non-governmental agencies, governmental agencies, tourism providers, consumers, and academics. In order to continuously improve the criteria contained in STEP and the structure of the application, STEP requests your constructive feedback and comments. Use additional paper as necessary.

## »»» ENVIRONMENTAL, SOCIO-CULTURAL AND ECONOMIC IMPACTS

1. Please recommend any additions to the criteria contained in the STEP application:
2. Please recommend any specific modifications to the criteria contained in the STEP application:
3. Does the program adequately address the three primary principles of sustainable tourism – environmental conservation, social-cultural responsibility and socio-economic profitability?  
Why or why not?
4. Please suggest any additional benefits you would like to see included as part of STEP and / or membership with Sustainable Travel International:
5. How could the STEP be further integrated into regional and global eco-certification programs:
6. Please make any other constructive comments about STEP that come to mind, focusing on the system or process that is currently in place:
